SUPPLEMENTARY INFORMATION

I. Abstract

The U.S. Census Bureau plans to request a three-year extension of the current Office of Management and Budget (OMB) clearance of the Questionnaire for Building Permit Official (SOC-QBPO). The Census Bureau uses the Computer-Assisted Personal Interviewing (CAPI) electronic questionnaire SOC-QBPO to collect information from state and local building permit officials on: (1) the types of permits they issue, (2) the length of time a permit is valid, (3) how they store permits, and (4) the geographic coverage of the permit system. We need this information to carry out the sampling for the Survey of Housing Starts, Sales, and Completions (OMB number 0607-0110), also known as Survey of Construction (SOC). The SOC provides widely used measures of construction activity, including the economic indicators Housing Starts, Housing Completions, and New Housing Sales.

The current OMB clearance is scheduled to expire on May 31, 2017. We will continue to use the current CAPI questionnaire with minor revisions to question verbiage and questionnaire flow. The overall length of the interview will not change. The sample size will slightly change due to an increase in the number of local governments that issue building permits.

II. Method of Collection

The Census Bureau uses its field representatives to obtain information on the operating procedures of a permit office using the SOC-QBPO. The field representative visits the permit office, conducts the interview, and completes this electronic form.
